

FISCAL NOTE

SB 1624

March 27, 1997

SUMMARY OF BILL: Requires that a referendum be held to approve the construction of a radio broadcast tower whose height exceeds 250 feet. Applies only to counties with a population of less than 120,000.

ESTIMATED FISCAL IMPACT:

Increase Local Govt. Expenditures - Not Significant

Assumes that local governments would be required to hold an election, which would increase costs. Also assumes that the number of such elections that could not coincide with general elections would not be large enough to generate a significant increase in expenditures.

CERTIFICATION:

This is to duly certify that the information contained herein is true and correct to the best of my knowledge.

A handwritten signature in black ink, appearing to read "James A. Davenport".
